MBF Healthcare Partners promotes Josh Weber as MD

06 November 2020 | News

Weber joined MBF in 2017 as the Director of Business Development

MBF Healthcare Partners, a leading healthcare-focused private equity firm based in Coral Gables, Florida, has promoted Josh M. Weber as the Managing Director.

Weber joined MBF in 2017 as the Director of Business Development to lead the firm's proprietary deal origination strategy. Since joining MBF he has sourced, negotiated, and closed on eleven acquisitions for the firm's portfolio, including two transformational acquisitions.

"Josh's ability to consistently add value to our companies and their management teams, his strong relationships with founders and intermediaries, along with his strategic insight, have contributed to his continued success at MBF. This promotion reflects Josh's ability to support multiple initiatives across our portfolio and his enhanced engagement in the oversight of the firm's operations," said Miguel "Mike" Fernandez, MBF's Chairman.
