Nativ Segev joins HempStreet advisory board

30 September 2021 | News

Segev is an internationally acclaimed name in the global medicinal cannabis space

Nativ Segev, Founder, MGC Pharmaceuticals, has joined the advisory board of HempStreet. Segev is an internationally acclaimed name in the global medicinal cannabis space. He also played a role in medical cannabis regulation in Israel and the Czech Republic, alongside developing new medical treatments and spearheading the discovery of new strains. He founded MGC Pharmaceuticals to expand into the huge worldwide market for cannabinoids in the pharmaceutical industry.

HempStreet is India’s first and largest research to retail venture in the Medicinal Cannabis sector.

Abhishek Mohan, Founder, HempStreet said, "His deep understanding of the pulse of the global market and visionary approach will be invaluable to us as we explore new opportunities and step into our next phase of growth."
