Sir H.N. Reliance Foundation Hospital ropes in breast surgeon Dr Ashutosh Kothari

11 April 2025 | News

Dr Kothari has specialised in breast cancer surgery, oncoplastic and reconstructive surgery

World renowned breast surgeon Dr Ashutosh Kothari has joined H.N. Reliance Foundation Hospital as Director – Breast Cancer, Oncoplastic & Reconstructive Surgery.

With more than 30 years of global experience in breast surgery, Dr Kothari brings his outstanding skills, vast knowledge, and international reputation to head the hospital's department of Breast Cancer.

Dr Kothari has specialised in breast cancer surgery, oncoplastic and reconstructive surgery, heredity breast cancer and benign breast diseases throughout his career. He is a strong advocate of patient centred care and de-escalation of breast cancer therapies with a focus on reducing the effects of surgery and enhancing the quality of the patient's life.

In his new role, Dr Kothari will be emphasising the development of breast cancer services in the hospital, introducing innovative, patient centred care treatment and newer techniques in surgery. He has a reputation for performing complicated breast reconstructions, obtaining long-term aesthetic outcomes, and minimising complications post-surgery.
