Lords Sehat health ATM opens at Ambala police headquarters

11 August 2022 | News

The walk-in health kiosk equipped with integrated point-of-care diagnostics

LordsMed, the global healthcare division of Lord's Mark Industries, has launched its health ATM, Lords Sehat at Ambala Police Headquarters in Ambala, Haryana. The walk-in health kiosk equipped with integrated point-of-care diagnostics has been inaugurated by Anil Vij, Health Minister, Government of Haryana.

Lords Sehat installed at Ambala Police Headquarters has been dedicated to Haryana Police. Lord's Mark Industries has made the first 500 diagnostic tests at Lords Sehat complimentary for the Haryana police personnel.

Lord's Sehat health kiosk, is an aggregation of CE/FDA/medical grade devices combined with backend software which solves the problem of basic health check-ups in rural/urban areas. It measures more than 50 essential diagnostic parameters ranging from body temperature, SPO2, and BMI to blood glucose, Haemoglobin, and ECG to rapid test for infectious disease. The result of all these parameters is on a near real-time basis for improved patient outcomes and care. Health Kiosk helps store digital records, it is portable and easy to use as well. Moreover, it can work without electricity and the Internet as well. Lord's Sehat Health Kiosk will be useful in providing Health ID for individuals and can be connected with the National Digital Health Mission to provide ABHA accounts as well.
