Meenakshi Nevatia joins APACMed as Chairperson for India Executive Committee

18 August 2022 | News

Nevatiaâ??s strengths include building strategies that foster diverse teams who are driven to deliver differentiated innovation in service to healthcare professionals and patients

The Asia Pacific Medical Technology Association (APACMED) representing the medical device industry is delighted to welcome Meenakshi Nevatia, VP and MD, Stryker India, as its new chairperson for its India Executive Committee.

Nevatia has been intricately involved in the healthcare, medical technology, and pharmaceutical industries throughout her career, which spans over 25 years in a variety of key global leadership roles. A proven medical device leader with a strong passion for making healthcare better, Nevatia's strengths include building strategies that foster diverse teams who are driven to deliver differentiated innovation in service to healthcare professionals and patients.

In her current role as Vice President and Managing Director of Stryker India based in Gurgaon, Meenakshi is responsible for building Stryker's business strategy and setting up the organisation for long-term, sustainable growth in the Indian market. Additionally, one of Meenakshi's priorities is to build a winning culture and cultivate a strong commitment to Stryker's mission and values in India.
