Agilus Diagnostics appoints Vijender Singh as Managing Director & Chief Executive Officer

20 July 2026 | News

A seasoned business leader with over 30 years of experience

Agilus Diagnostics has announced the appointment of Vijender Singh as its Managing Director & Chief Executive Officer (CEO). This follows the resignation of Dr Anand K, who has decided to pursue opportunities outside the organisation after being associated with the company for nearly six years.

Singh brings with him over three decades of leadership experience across diagnostics, healthcare, consumer healthcare and FMCG sectors. He has a proven track record of building and scaling businesses, driving operational excellence, strengthening governance frameworks and creating high-performing organisations.

Prior to joining Agilus Diagnostics, Singh served as Chairman and Managing Director of Diagnum Healthcare, where he focused on strategic growth, governance and business development. He has previously held leadership positions as Group CEO of Metropolis Healthcare, CEO of Healthians and spent nearly a decade with Dr. Lal PathLabs, where he played a key role in building one of India's most successful diagnostics platforms.

He has also worked with Jashvik Capital as an Operating Partner and held leadership roles with Ranbaxy Consumer Healthcare, Bausch & Lomb and Blow Plast.
