Both sides will develop cooperation in the implementation of a program for the production of pharmaceutical, bio-pharmaceutical products and medical equipment in the Andijan region of Uzbekistan.

India and the Andijan Region of Uzbekistan have inked an agreement for cooperation in the pharmaceutical industry.

Both sides will develop cooperation in the implementation of a program for the production of pharmaceutical, bio-pharmaceutical products and medical equipment in the Andijan region of Uzbekistan.

Both the countries have agreed to work together in principle on the issue of creating an Uzbek-Indian free pharmaceutical zone in the Andijan region and start joint development of a business plan for this project.

Both sides will be working on the issue of attracting direct investments of Indian companies and Uzbek investors to create modern production facilities for the production of pharmaceutical products and medicines with high value.
