

GSK Consumer Healthcare organises TB awareness rally

29 March 2018 | News

The theme for this year was “Wanted: Leaders for a TB-free world” and the rally aimed to help build commitment to bring an end to TB.

GSK Consumer Healthcare's Sonapat Unit and its NGO partner Sakshi organised a Tuberculosis (TB) awareness rally in Khewra Gaon in Sonapat on the occasion of World Tuberculosis (TB) Day. As a part of its Corporate Social Responsibility initiative- Mission Health, GSK supported the awareness drive. Dr Mahender Singh, MD Community Medicine- Civil surgeon (Retd.) addressed and took part in the rally.

The theme for this year was “Wanted: Leaders for a TB-free world”. Along with various awareness initiative a rally was organised with an aim to help in building commitment to bring an end to TB. The event witnessed participation of over 140 local residents including children, women, anganwadi workers and other community members who carried plaque cards to create awareness around TB. Informative education and communication material were also distributed towards the end.
