E-pharmacy Myra raises $1.84M from Tokyo firm

31 March 2018 | News

The Myra mobile app, which is available both on android and iOS platforms, offers fast online access to medicines with doorstep delivery.

Bengaluru-based Metarain Software Solutions Pvt. Ltd, which runs online pharmacy app Myra, has raised about Rs 12 crore ($1.84 million) in a fresh round.

Tokyo-headquartered management consulting firm Dream Incubator led the round with an infusion of Rs 6.5 crore ($1 million), while existing investors Matrix Partners and Times Internet accounted for the rest.

The Myra mobile app, which is available both on android and iOS platforms, offers fast online access to medicines with doorstep delivery. It caters to consumers in select areas of Bengaluru and Mumbai, as of now.

According to recent reports, Japan-based Dream Incubator has launched a $44-million tech investment fund focused on Indian startups.
