

Mankind Pharma launches KABZEND to prevent constipation

03 August 2018 | News

Ayurvedic-based formulation, KABZEND is available in trendy 50g bottle packaging

Mankind Pharma, a quality-driven pharmaceutical company in India has launched a new Over-the-counter (OTC) product, 'KABZEND Natural Laxative Granules' to help relieve constipation.

Mankind Pharma has chosen Veteran Actor Rishi Kapoor as the brand ambassador of its new product.

KABZEND is an Ayurvedic-based formulation that will help maintain regular bowel movements and ensure proper cleansing of the body which is available in trendy 50g bottle packaging.

KABZEND is a blend of time-tested potent & quality herbs to effectively pacify the problems leading to gastrointestinal disorders such as constipation, indigestion, gas and irregular bowel syndrome. Herbs used in the formulation of KABZEND are undertaken with intense care and good manufacturing guidelines to ensure quality standards, making it safe for consumption.

Inspired by Pradhan Mantri Jan Aushadi Scheme to deliver pharmaceuticals products at affordable prices, Mankind Pharma with its Make in India approach has set up goals to sustain a balance in the healthcare of the country.
