Freyr wins Excellence Award for exceptional services

28 August 2018 | News

As a leading full-service global Regulatory solutions and services provider, Freyr has been successful in catering compliant Regulatory services amid growing competition and rapid technological advancements.

Freyr, a leading, niche, full-service global Regulatory Solutions and Services Company which is headquartered in New Jersey, USA and has a Global Delivery Center in Hyderabad, India and has regional offices across UK, Germany, UAE, Canada, Mexico, Singapore, Malaysia, South Africa, Slovenia has won the Excellence Award for its exceptional performance as a pharma and life sciences Regulatory services, solutions and consulting company.

The GHP (Global Health & Pharma) International Life Science Awards 2018 recognize rapidly evolving companies at all levels & aspects of healthcare and pharmaceutical sector with emphasis on end-to-end functioning and unmatchable quality.

As a leading full-service global Regulatory solutions and services provider, Freyr has been successful in catering compliant Regulatory services amid growing competition and rapid technological advancements. With 550+ dynamic Regulatory experts assisting the clients with a specialized focus on end-to-end compliance, Freyr has supported more than 250 global clients since its inception, which stand a proven factor for its excellence.

“This is a momentous achievement for Freyr. The recognition reflects on the continuous efforts of Freyr to deliver the best solutions focusing on the entire Regulatory value chain,” said Suren Dheenadayalan, Co-CEO Freyr. “With a due credit to our in-house experts, who are benchmarking the best of compliant standards for the betterment of life sciences, we believe that Freyr’s responsibility to evolve and provide hi-end compliant solutions and services has increased further with this win,” he added.

Freyr is supporting large, medium and small size global life sciences companies in their entire regulatory value-chain; ranging from regulatory strategy, intelligence, dossiers, submissions etc. to post- approval or legacy product maintenance, labeling, artwork change management and other related functions.
