RXDX identifies women's health as priority

26 September 2018 | News

MLA Dr Ashwath Narayan inaugurates RXDX new clinic.

The new multispecialty RXDX centre in Malleswaram, Bengaluru will provide a range of comprehensive healthcare services with a focus on geriatric and women's primary health.

The new facility was inaugurated by Dr Ashwath Narayan, MLA (Malleswaram constituency), in the presence of Indian cricketer Rahul Dravid.

Stating that RXDX was not a hospital driven by inpatients, but a neighbourhood community clinic with a caring soul, Dr Vijeeta Dravid, Partner at the new RXDX facility said: "We will provide a one-stop healthcare solution for outpatients. Our approach differs from a typical hospital chain – our focus remains on the patient and primary care in particular."

Dr Sunita Maheshwari, Co-Founder RXDX multispecialty clinics, said "RXDX clinics aim to bring back the Family doctor and is a GP (general physician)-led model that will be supported by diagnostics, physiotherapy, pharmacy and specialists as needed. Primary care especially in eldercare and women's health are some of the most important healthcare areas but are often ignored, which is why we have decided to focus on these areas in particular".

In addition to elder care and a women's, offerings at RXDX Malleswaram, which is the fifth RXDX facility in Bengaluru city, will also include primary care, health check-ups, a foot and sports clinic and home healthcare services. Fitness services include a gym, pool and a dedicated hydrotherapy centre.
