

Innovation and learning centre to come up at AIIMS

08 October 2018 | News | By Manbeena Chawla

The main objective of this MoU is to provide technical support to the state for scaling up Comprehensive Primary Healthcare.

A Memorandum of Understanding has been signed between the Central Government, Haryana Government and the All India Institutes of Medical Sciences (AIIMS) to set up an innovation and learning centre (ILC) at AIIMS, New Delhi.

The main objective of this MoU is to provide technical support to the state for scaling up Comprehensive Primary Healthcare (CPHC) and to ensure quality services through Health and Wellness Centres (HWC).

As many as 408 health facilities are planned to be upgraded into HWCs in 2018-19 by the state government.
