# UoH-BioNEST inks pact with Tech Mahindra

05 November 2018 | News

The MoU would bring high-motivation among young entrepreneurs and better translational outcomes.

Tech Mahindra has joined as a technology partner for start-ups incubating in the UoH-BioNEST (Bio-incubator Nurturing Entrepreneurship for Scaling Technologies), a bio-incubator at the University of Hyderabad (UoH), and provide opportunity for joint go-to-market with the incubatees.

A Memorandum of Understanding (MoU) was signed in presence of Prof. Podile Appa Rao, UoH Vice Chancellor, Prof. Gandham Prasad, Director, TIE-U, Prof. Pallu Reddanna, project investigator, UoH-BioNEST, Kandimalla Venugopal, Global Head Healthcare and Life Sciences, Tech Mahindra.

According to Prof. Appa Rao, the MoU would bring high-motivation among young entrepreneurs and better translational outcomes through the culmination of information technology and artificial intelligence to the Life Sciences arena.
