

Suresh Prabhu to inaugurate Convergence India 2019 Expo

09 January 2019 | News

The event will bring together the latest technology innovations and trends from healthcare and food sector under one roof

Emerging technologies, their application and ability to disrupt the way things function are highly deliberated subjects today. How these trends will evolve in the coming year and how businesses can best tap this potential is the theme of Convergence India 2019 expo's 27th edition.

The event will bring together the latest technology innovations and trends from healthcare and food sector under one roof.

Suresh Prabhu, Minister of Commerce & Industry, commented, "I am happy to learn that Exhibitions India Group, along with India Trade Promotion Organisation (ITPO) as co-organiser, is hosting the 27th edition of Convergence India 2019 expo, the 3rd edition of Internet of Things India 2019 expo, and Embedded Tech India 2019 expo in New Delhi."

"This will be a great opportunity for industry leaders and influencers to discuss the latest trends and disruptions impacting various industry verticals. I would like to congratulate the organisers for hosting these events, which continue to provide a remarkable opportunity to various stakeholders to come up with innovative solutions for India's growth in the future", he added.

The three-day exhibition and conference, to be held in New Delhi from 29-31 January, 2019, will welcome 800+ exhibitors and 200+ speakers from 30+ countries. Over 25,000 trade visitors are expected, including key government officials and overseas representatives.
