

TruTest Labs holds preventive health check up camp in Mumbai

22 February 2019 | News

A host of 55 tests are offered at an unforeseeable discounted price, making affordability in preventive diagnostics a reality.

In a bid to ensure that every person in Mumbai get access to quality preventive health checkup, a critical step for timely response to diseases, TRUTEST Laboratories, a unit of iGenetic Diagnostics is organizing a mega camp from February 23 to 25 across Mumbai.

The camp, being organized to mark the 5th anniversary of the diagnostic major, brings unprecedented opportunity for all sections of people of Mumbai to undergo a holistic health check up consisting of 55 key tests at an unforeseeable price of Rs 500 only, nearly six -time lesser than the original price of tests.

The tests include Complete Blood Count, Glucose Fasting, TSH, Lipid Profile, Liver Profile, Kidney Profile, ESR, and Calcium and so on. Furthermore, they are offering 20% discount on individual test and health packages, making it a win-win situation for the ones visiting the camp.

"We at iGenetic have always looks after for encouraging prevention and have striven to bring in the best quality diagnostics solutions in most affordable way so that every section of society can get benefitted. As we are completing the 5 years of our remarkable journey, iGenetic has decided to celebrate this milestone than to take the benefits of preventive checkups to everyone of our society," **said by Ms Arunima Patel, MD, iGenetic Diagnostics.**
