

Dr. Manika Khanna announces the launch of India's First Women Hospital in Delhi

06 March 2019 | News

It will be launched on 8th March

Gaudium Hospital, India's first women's hospital will be launched in the capital on 8th March 2019 i.e. International Women's Day. Bollywood actress Shilpa Shetty will be inaugurating the hospital. The inauguration event will also be graced by Manoj Tiwari, Delhi BJP President, Devesh Srivastava, Joint Commissioner of Police, Delhi Police, Narendra Chawla, Mayor SDMC, and Pawan Monga, Secretary BJP, Delhi Pradesh.

Dr. Manika Khanna, a Gynecologist, and pioneer in Assisted Reproduction in Human (I.V.F), founded the Gaudium Women Hospital with a firm notion of improvising the health of women. For her dedicated service in the field of infertility, she had been praised and recognized by the former President of India, Pratibha Patil.

Gaudium, meaning Joy in Latin, has brought the health and well-being of the woman and newborn at the forefront. Gaudium Women Hospital will provide with a wide range of health facilities to women including laparoscopic surgeries, urogynaecology, cancer screenings, cosmetic therapy, nutrition and wellness guidance along with high-end intensive care during preterm deliveries, nursing and pediatrics, IVF treatments to childless couples and neonatal care under experts.

Gaudium Women Hospital provides a home-like environment for every woman's need for health and care. Sensitizing to the patients' requirements.
