

Pall Biotech puts focus on viral filtration

10 May 2019 | News

The sessions are to be held in Pune and Hyderabad

Exclusive Invitation

Virus Filtration: Get The Job Done!

Join our experts for a 1-day training seminar

Pall Biotech is organizing a one day training on the challenges of exploring, testing & validating virus filters.

The sessions are to be held on Tuesday 4th June 2019 in Pune, India or Thursday, 6th June 2019 in Hyderabad, India, from 2:30 p.m. to 7:30 p.m.

By associating with this programme, the participants will gain an understanding of:

- The fundamental principles of virus filtration
- Challenges associated with exploring, testing and validating the virus filtration process
- Local regulatory framework – present and future
- Virus validation planning and continuous clearance processes from a Pall industrial partner
- Practical 'hands-on' session with virus modules
