

Jiva Ayurveda to offer free consultation across India during the Jiva Health Week

08 July 2019 | News

Jiva Health Week is expected to benefit more than 10 thousand patients

The seventh edition of Jiva Health Week by Jiva Ayurveda will take place across all its 80 clinics in India from July 5 to 15. More than, 10 thousand patients are expected to benefit during the health week. Jiva Ayurveda, which has one crore successful consultations to its credit is giving free consultation and benefits of up to Rs 350 including discounts on wellness products and treatment packs.

Dr Partap Chauhan, Director Jiva Ayurveda said, "Every year, Jiva Ayurveda organizes the Jiva Health Week to provide high quality treatment through free consultations. We have seen very good response from people across villages and cities in our all previous health weeks, and I am confident people will come out of their homes and get the benefit of Jiva Health Week this time too."

Jiva Ayurveda has treated thousands of patients for lifestyle, chronic and season-related disorders with personalized medicines along with customized diet and lifestyle recommendations that are uniquely prepared for each patient, which contributes to treating diseases from the root, rather than just treating it symptomatically.

Jiva's Ayunique™ is one of the innovations which is a proprietary approach pioneered by Jiva Ayurveda that empowers Ayurvedic doctors to diagnose and treat patients effectively.
