Global Bio-India Summit 2019 gears up to showcase the latest in Biotech

27 September 2019 | News

To be held from 21 Nov to 23 Nov in New Delhi

Biotechnology sector is recognized as the key driver for contributing to India's USD 5 Trillion economy target by 2024. As India progresses on this transformational journey, Global Bio-India 2019, the largest Bio event, would showcase opportunities

in Indian Biotechnology sector to the world.

Department of Biotechnology (DBT), Ministry of Science & Technology, Government of India and it's Public Sector Undertaking, Biotechnology Industry Research Assistance Council (BIRAC) are organizing Global Bio-India Summit 2019 from 21-23 Nov in New Delhi, a mega international congregation of biotechnology stakeholders, including international bodies, regulatory bodies, Central and State Ministries, SMEs, large industries, bioclusters, research institutes, investors, and the startup ecosystem.

Global Bio India 2019 is going to deliberate on the opportunities and key challenges in the areas of bio-manufacturing, clinical trials & drug discovery, capacity-building, creating global supply chains for achieving a growth-oriented road-map for biotechnology sector in the country. Investors meeting, exhibition, webinars, hackathons, B2B meetings are few salient components of the event.

Global Bio-India 2019 would showcase key biotechnological innovations, products, services, technologies from national and international companies, start-ups and research institutes, identify funding and collaboration opportunities for research and development, explore licensing options for existing products, attracting major contract projects from international companies as well as major global venture funding into India and facilitate interactions of research institutions with the industry.
