"J&J will bring its full resources and minds to combat this pandemic"- Sandeep Makkar

01 May 2020 | Views

Sandeep Makkar, Managing Director, J&J Medical Devices India talks about how the company is contributing in the fight against COVID-19

"In India, Johnson & Johnson has supported the Government of Maharashtra by donating 10,000 units of N95 Masks, 200,000 units of surgical Mask 2/3 ply Masks and & 7000 Personal Protective Equipment (PPE) Kits. We are also partnering with non-government organizations like Americares India Foundation to help fight this pandemic with focus on distribution of PPEs, masks and sanitizers to hard-hit areas across the country. Johnson & Johnson will continue to bring its full resources and minds to combat this pandemic."

- Sandeep Makkar, Managing Director, J&J Medical Devices India
