M Wash donates PPE kits

04 May 2020 | News

The PPE kit contains a hand sanitizer, full body cover, shoe cover, safety goggles, nitrile gloves, face mask and bio hazard disposable bags

M Wash, male intimate wash startup has donated PPE kits to Delhi Police in order to keep them safe from Coronavirus.

The novel Coronavirus (COVID-19) has infected more than thousands of people in more than 150 countries. There is an urgent need to mobilize resources to secure demands for ever growing sanitizers in India and elsewhere.

Gaurav Gupta, MD, and CEO Founder M Wash says, “In the current scenario, we cannot contribute much to the society, so I thought that this would be an effective way by which we can contribute to the situation. By giving the PPE kit free to Delhi Police we are trying to help them protect themselves who are away from their family so that we can be safe. It is just a small contribution from our team to help the strong men out there as we stand together in this grave situation.”

The PPE kit contains a hand sanitizer, full body cover, shoe cover, safety goggles, nitrile gloves, face mask and bio hazard disposable bags.
