

ILAMED conducts online training on aesthetic medicine

14 May 2020 | News

Various specialist in the field were part of this training

Institute of Laser and Aesthetic Medicine (ILAMED) conducted the series of LIVE online sessions recently.

These online sessions are jointly organised by Indian Society of Aesthetic Medicine (ISAM), University at Greifswald, IPPC, Indian Society of Mesotherapy, D.A.L.M, Global Mediversity and supported by NATIONALES ZENTRUM FÜR PLASMAMEDIZIN e.V. SMCME and Union Internationale De Medecine Esthetique.

It included an interesting session on basic & advanced indications of Botulinum Toxin by Dr. Ajay Rana, a renowned Aesthetic Medicine Expert and Founder & Director of ILAMED. Various specialist in the field were part of this training.

Dr. Rajarshi Bandyopadhyay, BDS MDS, oral and maxillofacial surgery said, "The content was very informative and the way of demonstration was attractive and comprehensible. Special thanks to Dr Rana and hope to hear more from him in future."
