"Investment is needed to scale up a vaccine"- Mahima Datla

22 May 2020 | Views

Mahima Datla, Managing Director, Biological E, Hyderabad talks about the ongoing COVID-19 crisis

"Assuming that a vaccine is successful, it is important to understand that investment is needed to scale it up. Going from lab success to making 100 million doses is not trivial. There is a need for cohesive funding for product development."

- Mahima Datla, Managing Director, Biological E, Hyderabad
