

CSIR, AIM sign Lol to foster innovation in India

10 June 2020 | News

To promote a culture of innovation and entrepreneurship

The Council of Scientific and Industrial Research (CSIR), a premier R&D organization with focus on science and technology that enables innovation-driven industry and nurture transdisciplinary leadership has come together with Atal Innovation Mission (AIM), a Golflagship initiative to promote a culture of innovation and entrepreneurship have come together to collaborate in areas of mutual interest.

Towards promoting innovation in the country in various sectors, a letter of intent was signed between the two organizations, in presence of Dr Rajiv Kumar, Vice Chairperson, Niti Aayog, Amitabh Kant, CEO of Niti Aayog and Dr Shekhar C Mande, DG CSIR and other senior officials from both the organizations.

Major areas of mutual interest, among others include:

- Supporting world class start-ups through CSIR Incubators under Atal Innovation mission initiatives and jointly work on new models of innovation, including setting up of CSIR Innovation Parks. CSIR with its strong patent portfolio and knowledge base and world class researchers and AIM that has been working on policies for fostering innovation in different sectors of the economy together can boost and strengthen innovation ecosystem of the country.
- Stimulating innovation and research in the MSME industry by CSIR in collaboration with ARISE. In this context, while
 ARISE initiative of AIM, works to stimulate innovation and research in the MSME industry, CSIR has been working
 very closely with MSME where in many of its technologies and know-how have supported the MSME industry.
 Together they have the potential to transform and stimulate the MSME sector in the country.
- Creating problem solving mind-set across schools in India through close cooperation between Atal Tinkering Labs and Jigyasa. There is natural synergy between Atal Tinkering Laboratories that have been working to foster curiosity, creativity and imagination in young minds and CSIRs 'JIGYASA' a Student-Scientist connect program where in >3 lakhs students across the country have been exposed to science and technology. The coming together of the two will

| enhance the opportunities for students and stimulate their scientific thinking and temperament. | | | | | | | | | | | |
