"The pandemic has invited great collaboration between India and the US"- Amit Kumar

19 June 2020 | Views

Amit Kumar, Consul General of India, Chicago, US talks about the Foreign Direct Investment into India

“The pandemic has invited great collaboration between India and the USA, with multiple companies and agencies working together to fight COVID-19. The government has announced multiple subsidies, including allowing 100% Foreign Direct Investment in healthcare, which will augur well for the growth of the healthcare sector in India.”
