

"We need to leverage technology to get over the pandemic"- Dr Swati Piramal

03 July 2020 | Views

Dr Swati Piramal, Vice Chairperson, Piramal Group, Mumbai shares her views on the current pandemic situation

"We need to leverage technology including artificial intelligence, to get over the pandemic, be it vaccinations, mobile units or tackling co-morbidities - in every case, innovation, information technology and science will make a huge difference."

Dr Swati Piramal, Vice Chairperson, Piramal Group, Mumbai
