India gets first combined homeopathy & light therapy treatment for skin ailments

16 February 2021 | News

Dr Batraâ??s introduces revolutionary skincare treatment

Through its latest offering, Dr Batra's brings Derma Heal, a first-of-its-kind, easy and pain-free skincare solution to its patients. Derma Heal - a revolutionary skincare treatment, combines the goodness of UVB light rays and homeopathy to treat skin

diseases safely and naturally.

Each Derma Heal session takes only 30 mins and is administered by trained therapists under the guidance of qualified homeopathic dermatologists. With a proven efficacy of more than 400 clinical research studies, this treatment method enhances skin treatment outcomes to give you better results in just five weeks.

Derma Heal uses Narrowband UVB phototherapy. 'Narrowband' refers to a specific wavelength of ultraviolet (UV) radiation, ranging from 311 to 312 nm.

Commenting on the launch of Derma Heal, Dr Akshay Batra, Vice-Chairman and Managing Director, Dr Batra's Group of Companies and Fellow of Homeopathic Dermatology [Maharashtra University of Health Sciences (MUHS)] said, "Through Derma Heal, we aim to increase treatment results to up to 96 per cent as compared to 60 per cent in other conventional treatment methods."
