Tattvan E-clinics to come up in multiple districts of UP, Rajasthan

24 March 2021 | News

The idea behind this expansion drive is to facilitate multi-specialty level healthcare opinion accessible to the people residing in tier-2 and tier-3 cities

Gurugram based startup Tattvan is all set to expand its presence in major districts of Rajasthan and Uttar Pradesh. Tattvan will launch its new e-clinics in districts of Kairakat, Balrampur, Phoolpur, Sonbhadraand, Varanasi in Uttar Pradesh and in Malsisar district in Rajasthan.

The idea behind this expansion drive is to facilitate multi-specialty level healthcare opinion accessible to the people residing in tier-2 and tier-3 cities, small towns and other rural areas. Residents can access the comprehensive and holistic healthcare solutions from the comfort of their hometowns, without having to travel anywhere, including tele-consultations and primary to advanced healthcare.

Speaking about the expansion, Ayush Mishra, CEO, Tattvan E-clinics said that “The launch of every newTattvan E-Clinic takes us one step closer to fulfilling our aim of primary healthcare coverage across tier-2 and tier-3 cities and the rural India. We at Tattvan are focused on advanced care tele-consultations and second medical opinion concentrating on small cities and parts of rural India. The idea is to enable the patient and the family avail advance care opinion from the best specialists across the country from the comfort of their homes without having to travel across the big cities and waiting in queues for the appointments.”

With this expansion drive, Tattvan aims to raise awareness about its services and also how telemedicine is an effective alternative for those who cannot afford to travel to big cities every time there is a need to consult doctors.
