DigiHealth seeks to develop world-class pharmaceutical supply chain

01 April 2021 | News

DigiHealth has announced acquisition of AWACS and Pharmarack

DigiHealth Technologies LLP (DigiHealth), a wholly-owned entity of Mumbai based ABCD Technologies LLP (to be renamed as IndoHealth Services LLP) has announced acquisition of AIOCD Pharmasofttech AWACS Private Limited (AWACS) and Pharmarack Technologies Private Limited (Pharmarack).

Both AWACS and Pharmarack have over the years created a digital ecosystem in the pharmaceutical industry downstream supply chain.

The investment has been made with a view to develop a world-class pharmaceutical supply chain & distribution IT ecosystem and support the government's National Digital Health Mission (NDHM).

ABCD Technologies LLP was incorporated on 10th February 2021 as a limited liability partnership (LLP) and has been reconstituted subsequently with the involvement of leading pharmaceutical companies (Alkem, Cadila Healthcare, Cipla, Dr Reddy's, Lupin, Mankind, Sun Pharma, Torrent) in India.

The partnership is aimed at digitizing the pharmaceutical supply chain for improving the availability & accessibility of medicines for patients. AWACS is engaged in the business of pharmaceutical data collection and market research focused on data analytics.

Pharmarack is an integrated B2B Healthcare platform that combines technology, analytics, logistics, and supply chain financing. Both AWACS and Pharmarack have an independent management team with strong governance protocols to ensure data privacy and neutrality.
