

Sarathi Healthcare raises Rs 1 Cr in seed funding

05 May 2021 | News

Sarathi Healthcare is currently being accelerated by India's fastest growing start-up accelerator Marwari Catalysts Ventures

Agotech start-up, Sarathi Healthcare has announced that it has raised a funding of Rs 1 crore in a seed funding from a clutch of investors from 'bharat'. The angels who participated are in the round seasoned entrepreneurs and investors Nitin Sethi, Vishal Dhikale, Swapnil Bagul, Gaurav Satbhai and Jayshree Harak from Jodhpur, Nasik, Surat and Pune.

Sarathi Healthcare is currently being accelerated by India's fastest growing start-up accelerator Marwari Catalysts Ventures.

Sarathi, which means 'companion' in Hindi, aims to prioritise and deliver holistic care for the elderly by providing them well-rounded preventive and emergency healthcare. 'Sarathi Healthcare', is a premium healthcare provider with top-notch services that brings 24X7 medical services at your doorstep at times of need.

Commenting on the announcement, Sushil Sharma, Founder and CEO, Marwari Catalysts says, "Sarathi Healthcare has great potential and we hope this association will help them build the fastest growing healthcare organisation for senior citizens care in India."

Sarathi Healthcare will use the funds to support its 20x growth, with geography expansion, adding new towns, medical specialties in turn bolstering their team and tech product. Saarthi Healthcare has already impacted around 5000+ lives including patients suffering from chronic diseases, since its incorporation in the middle of the pandemic.

Sarathi's services include disease management, consultation with healthcare officials on demand as well as on recommendation, regular health check-ups and lab tests, consultation on eating habits, food supplements and nutrients, appointment management, home deliveries of medicines and medical equipments, bookings in hospitals and ambulance facility.
