

Apollo Hospitals, Hyderabad bags JCI Accreditation for sixth time

31 May 2021 | News

The distinctive accreditation reiterates Apollo Hospitals commitment and constant endeavour to offer the highest quality care and ensuring utmost safety for patients

Apollo Hospitals, Hyderabad has received the coveted Joint Commission International (JCI) Accreditation, for a record sixth time. JCI is an internationally acknowledged gold standard for best clinical practices in quality and patient safety and is the privilege of select few reputed healthcare institutions, globally. The distinctive accreditation reiterates Apollo Hospitals commitment and constant endeavour to offer the highest quality care and ensuring utmost safety for patients.

"JCI accreditation is a testimony to Apollo's dedication and commitment to deliver the best possible care to patients. Apollo's patient-centric approach and care on par with the best globally enabled it to conform with JCI's strenuous parameters. Kudos to the team and the expert clinicians for their tireless initiative and commitment to the highest quality standards spanning over the last eighteen years," says Dr Sangita Reddy, Joint Managing Director, Apollo Hospitals Group.
