GOQii Smart Healthcare launchesÂ fitness band for kids

04 June 2021 | News

Smart Vital Junior will help track all the essential vital parameters such as SPO2, body temperature, pulse rate, blood pressure of kidsÂ

GOQii Smart Healthcare has launched Smart Vital Junior, a fitness band for kids amidst a rising number of COVID-19 cases. GOQii ‘Smart Vital Junior’ will help as a supportive device for kids and will keep a real-time track of variation in blood oxygen levels, heart rate and temperature levels.

Smart Vital Junior will aid as a precautionary measure for parents to #KeepAWatch on the health and wellbeing of their children and also imbibe healthy habits from a young age.

Parents will be able to monitor the health of their kids via the GOQii mobile app and also use it for consulting the GOQii coach for their kid’s specific health goals/objectives, enrolling their kids on specialised kid’s workout sessions on GOQii Play, watching Healthy Kids diet shows on GOQii Play and consulting Paediatrician’s Live on GOQii Play. Special Brain and Memory games to help with cognitive functions are also available on the GOQii App to make it even more fun and engaging for the kids.

GOQii Smart Vital Junior is designed for kids with a colourful display and straps that are made with materials gentle to the skin and to well fit their wrists. Smart Vital Junior will be available for order from the GOQii App and is also available on online platforms like Amazon and Flipkart. It is recommended that it be used for screening purposes only. All data collected by GOQii is subjected to HIPAA, GDPR and relevant data privacy guidelines.

Vishal Gondal, Founder and CEO, GOQii Smart Healthcare said, "With a view to providing holistic benefits for kids’ health and wellness, we are also happy to announce our partnership with SriSriTattva where kids’ immunity-boosting products along with nutrition options for the whole family will be made available on GOQii Store.”
