

Seniors First partners with Centre for Sight

15 June 2021 | News

The partnership intends to offer the best eye care services to the elderly population at the most affordable prices

Seniors First has partnered with the eye-care brand – Centre for Sight. Seniors First aims to achieve another milestone by providing quick and easy eye-care conveniences to the elderly ones and thus strengthen its position as a one-stop solution for every need for seniors.

“Centre for Sight aims to provide world-class eye care within easy reach of masses-both geographically as well as monetarily, and this alliance is one step forward towards achieving our goal,” said Dr Mahipal Singh Sachdev, CMD, Centre for Sight Group of Eye Hospitals.

Dr Mamta Mittal, Founder, Seniors First, said, “Our collaboration with Centre for Sight marks another step forward to bring a portfolio of differentiated products to help manage the needs of elderly people of our country, as we work towards our vision of providing excellent and accessible resources that improve the quality of life for seniors, their caregivers, and the community.”
