

ART Fertility Clinics opens centre in Ahmedabad

16 June 2021 | News

The newly launched is the third clinic in India by ART Fertility Clinics with two operational facilities in Delhi and Gurugram

ART Fertility Clinics has opened a centre in Ahmedabad. The 11800 ft centre will provide IVF treatment to patients from Ahmedabad and the areas. ART Fertility Clinics launched its first two clinics in Gurgaon and Delhi in May 2021 and the Ahmedabad clinic is its first foray into western India.

ART Fertility Clinics aims to transform IVF (In-vitro fertilization) technology sector in India by implementing the most stringent IVF protocols (ESHRE) across all its centres.

Vinesh Gadhia, CEO, ART Fertility Clinics India said, “Ahmedabad centre is our third clinic in the country and is a part of our India expansion plan. ART Fertility Clinics is about science assisting nature and we aspire to be an essential bridge in helping couples attain their dream of parenthood.”

As a part of its India expansion plan, ART Fertility Clinics will be launching 15 more state-of-art centres over the next two years across India.
