

Cytecure Hospitals, Brains Neuro Spine Hospital launch neurosciences centre

16 August 2021 | News

To offer services ranging from stroke management, pediatric neuro-oncology to neuro rehabilitation etc.

Cytecure Hospitals has announced the launch of a comprehensive neurosciences centre in collaboration with Brains Neuro Spine Hospital in Bengaluru.

The neurosciences centre was inaugurated by Malini Krishnamurthy, IPS, Principal Secretary to Government (PCAS), Home Department, Karnataka State, in the presence of Dr Ferzaan Engineer, Co-Founder and Chairman, Cytecure Hospitals and Suresh Ramu, Co-Founder and CEO, Cytecure Hospitals.

The centre will offer services ranging from stroke management, paediatric neuro-oncology and neurorehabilitation to cerebrovascular surgery, stereotactic radiosurgery and comprehensive care for spine tumours as well as brain tumours.

Dr Venkatramana NK, Head of Neurosciences Centre, Cytecure Hospitals, will lead the multidisciplinary team of doctors at the neurosciences centre. Counted among the first to establish a brain tumour bank as well as introduce cerebral microdialysis in India, the veteran neurosurgeon has performed over 30,000 surgeries in his career spanning three decades.
