

MetroMedi.com, BMS Fit Club bring India's first diabetes reversal programme

22 September 2021 | News

To aid the fight against diabetes through the reduction and reversal

MetroMedi.com, based out of Hyderabad, has tied up with BMS Fit Club to expand its footprint in the remote management of lifestyle-related chronic conditions associated with diabetes and hypertension. The tie-up has launched Diabetes Reversal Programme.

Supported with the MetroMedi team of specialist doctors and health coaches, the remote and virtual management on the BMS Fit Club will enable seamless and real-time support on nutrition, lifestyle, and medication adherence for diabetic patients.

"Diabetes' reversal is possible with our medically proven and clinically approved methods with India's 1st diabetic reversal platform from MetroMedi & BMS Fit Club," states Uday Lakshmi - Co-founder, BMS Fit Club.
