

Oasis Fertility opens centre in Bengaluru

27 October 2021 | News

Plans to expand to 10 more centres in next 5 years in the Karnataka region

Oasis Fertility has announced its foray into the Karnataka region with the launch of its flagship state-of-the-art full-fledged IVF centre at HSR Layout, in the city of Bengaluru.

The centre was inaugurated by Kiran Gadela – Co-Founder and Managing Director, Oasis Fertility, and Dr Durga G Rao – Co-Founder and Medical Director, Oasis Fertility, along with Dr Krishna Chaitanya – Scientific Head and Clinical Embryologist, Oasis Fertility.

Gadela said, "We are optimistic about the Karnataka market, and we have plans to expand to 10 more centres in the region in the next five years – with plans well underway to start centres in growing tier-II towns like Mangaluru, Mysuru, Belagavi etc."

Oasis Fertility has received growth capital in 2016 from India Life Sciences Fund II, a leading healthcare and life sciences focused fund, and was the first institutional investment in an IVF chain in India.
