# HealthCube bags Smart Bio Awards at BTS 2021

22 November 2021 | News

**HealthCube was named for the most innovative tech-based startup for its work towards enabling access to healthcare in remote locations**

HealthCube has been named as the Startup of The Year' at the Smart Bio Awards during the Bengaluru Tech Summit 2021. Axio Biosolutions, Biocon Academy, Biomoneta and NeoDx Biotech Labs also received recognition in different categories.

Naftali Bennett, the Prime Minister of Israel, and Scott Morrison, the Prime Minister of Australia, were some of the dignitaries who attended the event virtually. Chief Minister of Karnataka Basavaraj Bommai; and Governor Thaawarchand Gehlot were present at the global event. South Africa, Vietnam, and the UAE were some of the countries that participated.

Runam Mehta, CEO, HealthCube said, “ The reward is a reaffirmation of the value of our mission to improve health through the early detection of disease and will motivate us to continue to support the country in its journey to improve the healthcare infrastructure.”

Dr Radha Rangarajan, CTO, HealthCube said, “We are privileged to receive this award and be counted among the most innovative startups in Karnataka. Our devices enable the easy testing and monitoring of key health parameters."
