Aster Medcity, Kochi launches Aster Heart Rhythm Centre

29 December 2021 | News

The centre is equipped for the treatment of heart rhythm disorders

Aster Medcity has launched the Aster Heart Rhythm Centre to cater to treatments for all disorders related to heart rhythms. Dr Praveen Sreekumar, Consultant Electrophysiologist, Aster Medcity, Kochi will take the lead as Director of the Aster Heart Rhythm Centre.

Designed as one of the most advanced facilities of its kind in the region, the Aster Heart Rhythm Centre will ensure timely diagnosis and precise treatment for various disorders related to heart rhythms. Heart arrhythmia treatment includes medications, catheter procedures, implanted devices or surgery to control or eliminate fast, slow or irregular heartbeats. Heart arrhythmias may feel like a fluttering or racing heart and may be harmless. However, some heart arrhythmias may cause bothersome — sometimes even life-threatening — signs and symptoms.
