

Virohan partners with Eye Q Hospitals

11 January 2022 | News

The partnership with Virohan will include training and deployment of operating theatre technicians and hospital administrators initially

Virohan, an ed tech company in healthcare, announced its partnership with EYE Q. Through this partnership, it plans to offer candidates the unique opportunity to complete their online technical theory training while simultaneously being deployed for a hands-on internship at the Eye Q hospital. The partnership aims to train and deploy hundreds of Allied Health Professionals to the workforce at over 50+ locations.

The partnership with Virohan will include training and deployment of operating theatre technicians and hospital administrators initially and may expand further as the manpower requirements of EYE Q Hospitals increase.

With campuses across Delhi, Haryana, Chattisgarh and Maharashtra and now Karnataka, Gujarat and Mumbai, Virohan has plans to expand to 160 campuses Pan - India by end of 2022. The company has been recognized for its work by the Google Accelerator and Amazon Accelerator and has recently been awarded the India Achievers Forum Award 2020 among others.
