With the launch of the open platform for the National Digital Health Ecosystem this particular gap will be filled in a single go: GlamyoHealth

01 February 2022 | Views

Dr Preet Pal Thakur, Co-founder, GlamyoHealth

"With the launch of the open platform for the National Digital Health Ecosystem, this particular gap will be filled in a single go. As the Budget mentioned, the platform will consist of digital registries of health providers and health facilities, which will serve the purpose of access and availability of information."
