Krsnaa Diagnostics secures five-year contract with Himachal Pradesh govt

28 February 2022 | News

Krsnaa to provide diagnostics/ lab services to all the government health institutions/ hospitals of Himachal Pradesh

Pune-based Krsnaa Diagnostics has announced its agreement with the Government of Himachal Pradesh. The tenure of the contract awarded will be up to five years and will be implemented in all government health institutions in the entire state of Himachal Pradesh.

As per the contract, Krsnaa Diagnostics will be installing, operating and maintaining routine and advanced laboratory testing facilities at selected public health institutions. These include government medical colleges of the state, district/ general hospitals owned by the state government and community health centres (CHCs).

In February this year, Krsnaa Diagnostics was awarded the contract to develop, operate and maintain radiology imaging diagnostic centres in government multi-speciality hospitals in Chandigarh on Public-Private Partnership (PPP) basis.
