Briota Technologies to receive OPPI's Start-up of the Year 2021 Award

01 March 2022 | News

The winner will receive a yearlong mentorship from Bayer Pharmaceuticals in addition to a grant-in-aid of Rs 1,00,000 and a certificate of citation

The Organisation of Pharmaceutical Producers of India (OPPI) announced the winner of Excellence in Innovation Healthcare Start-up of the Year 2021 Award. Briota Technologies, a digital health and wellness company, innovating for remote care, diagnostics and management of chronic respiratory conditions, has been conferred the award for developing a novel concept of AI-powered SpiroPROTM Device for screening and diagnosis of chronic respiratory ailments.

Briota Technologies has developed a novel concept of AI-powered SpiroPROTM Device for screening and diagnosis of chronic respiratory ailments.

As a part of the award, the winner will receive a yearlong mentorship from Bayer Pharmaceuticals in addition to a grant-in-aid of Rs 1,00,000 and a certificate of citation.

The award will be conferred at the upcoming Annual Summit of OPPI on March 23, 2022.
