Mapmygenome India opens Genomics Experience Centre in Bengaluru

03 March 2022 | News

The new centre is an expansion of Mapmygenome's services provided in Hyderabad and Delhi

Mapmygenome India has opened its Genomics Experience Centre in Bengaluru. The NABL & ICMR-certified centre is located at Sector 7, HSR Layout. The new centre is an expansion of Mapmygenome's services provided in Hyderabad and Delhi.

Dr CN Ashwath Narayan, Minister of Information Technology and Biotechnology inaugurated the centre. Dr Kiran Mazumdar-Shaw, Chairperson of Biocon and Biocon Biologics, was the guest of honour.

Dr Mazumdar-Shaw said, "With this backdrop, it is great to have a company like Mapmygenome expanding their services to preventive genomics that combines genomic sequencing and biochemistry."

Anu Acharya, CEO, Mapmygenome, said, "We are calling this a genomics experience centre as we will combine genomics with lifestyle and preventive biochemistry. We also have nutrition, medical and genetic counselling for our customers."
