12th edition of Bengaluru India Nano to be held from March 7-9

03 March 2022 | News

The theme for the summit is 'Nanotech for Sustainable Future'

Bengaluru India Nano, India's flagship nanotech event focusing on nanoscience and nanotechnology was announced by Dr CN Ashwath Narayan, Minister for Electronics, IT, Bt and S&T, Higher Education, Skill Development, Entrepreneurship and Livelihood, Government of Karnataka in the curtain raiser-press meet programme.

The three-day event is organised by the Department of Electronics, Information Technology, Biotechnology, and Science & Technology, KSTePS and JNCASR and will be conducted virtually during March 7-9.

With the focal theme 'Nanotech for Sustainable Future,' the summit will witness the participation of over 2500 registered delegates. The event consists of Multi-Track Conference where 75 National and International Speakers will deliver lectures over 25 Sessions; an exhibition where over 40 companies will showcase nanotech products, services, and innovation and a poster session where over 150 Young Researchers displays their research.

On this occasion host of awards like Prof CNR Rao Bengaluru India Nano Science Award, Bengaluru India Nano Innovation Award, Nano Excellence Awards, Karnataka DST Nanoscience Fellowships will be presented and it will also have Nano for the Young programme for graduate students; NanoSparX for Start-Up Pitching, B2B Partnering and the first-ever National Nanotech Quiz.
