

Aster Labs opens reference lab in Navi Mumbai

04 March 2022 | News

Unveils satellite lab in Hyderabad

Aster Labs, the diagnostic wing of Aster DM Healthcare has launched a satellite lab in Hyderabad and a reference lab in Vashi, Navi Mumbai. It also plans to set up a satellite lab in Mumbai by March 2022.

With the launch of the satellite lab in Hyderabad, Aster continues to strengthen its network of healthcare in the south region of India, having around 13 hospitals and around 10 Labs in the region.

As a part of its growth strategy and expansion plan, Aster Clinical Lab has already launched 2 reference labs, 10 satellite labs and 80 Patient experience Centres, spread across Karnataka, Kerala, Maharashtra and Andhra Pradesh. Aster Labs will also be looking to launch five more satellite labs across the country by March 22.
