# HDFC Bank, Wipro GE Healthcare, United Way Delhi to train 6900 Goa youth

08 March 2022 | News

**HDFC Bank, under its flagship CSR programme Parivartan will impart training for various non-technical job roles in the healthcare sector**

HDFC Bank, under its flagship CSR programme Parivartan, launched a skill training initiative for 6,900 youth in Goa in collaboration with Wipro GE Healthcare and United Way Delhi (UWD). Beneficiaries associated with skilling institutes will be imparted training for various non-technical job roles in the healthcare sector. Apart from training, the students will be provided assistance in job placements. The initiative aims at reducing the supply gap of trained manpower in the existing healthcare system and strengthening the nation's healthcare workforce. Nationally, this initiative will train and provide employment to youth over the span of two years across 13 states of India.

The initiative was officially launched at the Old Asilo Centre in Mapusa, Goa by Ashish Jain, CEO, Healthcare Sector Skill Council and Deepali Nayak, Director- Directorate of Women and Child Development and Directorate of Entrepreneurship and Skill Development.

The 6,900 beneficiaries will be imparted skill-based training for job roles in GDA advance, phlebotomy technician and hospital front desk coordinator. Apart from training, the students will also get placement support for jobs in the healthcare sector. This would provide a trained healthcare workforce and reduce the prominent patient-to-attendee gap.
