Thyrocare to open labs in Jaipur and Visakhapatnam

10 March 2022 | News

The Jaipur lab will open in second week of March followed by Visakhapatnam one by the last week

With 4 Regional Processing Labs operational in the current quarter, in Nagpur, Ranchi, Raipur and Ahmedabad,Thyrocare is all set to launch 2 Regional Processing Labs in Jaipur and Vizag, in March 2022.

Thyrocare is gearing up for launch in Jaipur in the second week and Visakhapatnam in the fourth week of March.

As per standard protocol, Thyrocare's existing Regional Processing Labs (RPLs), as well as the upcoming ones, will have automated technologies such as Photometry, Hematology, Immunoassay and HPLC along with manual Urology and ELISA.

Thyrocare Technologies has a 27-year-old fully operational Centralised Processing Laboratory (CPL) in Navi Mumbai. It also has three functional Zonal Processing Laboratories (ZPL) in Bengaluru, Delhi, Kolkata and four specially designated COVID-19 Processing laboratories in cities such as Bengaluru, Delhi, Kolkata and Mumbai.
