

IIT-H ties up with Continental Hospital, opens primary health centre

29 March 2022 | News

IIT-H plans to set up primary diagnostic facility support of Continental Hospitals in its new facility

The Indian Institute of Technology Hyderabad (IIT-H) has tied up with Continental Hospital for regular visits of consultants in various specialisations. IIT-H has now built a permanent space for its clinic (G+1 building) with the support from JICA, Japan.

Chief Guest, Dr T Gurunath Reddy, Founder & Chairman, Continental Hospitals, inaugurated this primary healthcare centre at IIT-H in the presence of Chairman, BoG, IIT-H, Dr BVR Mohan Reddy, and visionary director of IIT-H, Prof BS Murty Garu.

IIT-H existing healthcare facility will be moved into its new premises early next month. IIT-H plans to set up primary diagnostic facility support of JCI & NABH accredited Continental Hospitals in its new facility.

Prof B S Murty said, "We will not only collaborate with Continental Hospitals for setting up the basic diagnostic facilities at IITH but also would like this to be extended to teleconsulting from Continental experts in various specializations for better healthcare of the IITH fraternity."
